Re: Copyrighted Works Entitled “Breed Standards” and  
“Breed Standards and Histories” and Trademarks  
Author: Diana Lou Fineran  
Our File: TC-1

Dear Ms. Bird:

We represent The Traditional Cat Association, Inc. in various copyright, trademark and intellectual property matters. Our client and its principal Diana Fineran are the owners of all rights in the registered work entitled “Breed Standards” (U.S. Copyright Registration No. TX 3-855-518), which has been registered since 1994, and the registered work entitled “Breed Standards and Histories for the Thailand cat breeds and the Traditional Exotic Shorthair (Doll Face), including the Khao Manee (Khao Plort) (or Diamond Eye) the Thong Daeng (suphalak or Coppers), Ninlarate (Dark Sapphires), Gao Taem, the Classic Korat (Malet), the Traditional Korat (Malet) and the Traditional Exotic Shorthair (Doll Face)” (“Breed Standards and Histories” U.S. Copyright Registration No TX 5-217-419), which has been registered since 2000. The relevant information for identifying the copyrights in these works is enclosed herewith. In addition, our client has established trademark rights in the various breed names, including but not limited to “Old Style,” as described in more detail below.

It has come to our attention that you have been copying and publishing a work under the title: “Old-Style Siamese Breed Standard” that clearly incorporates protected expression from our client’s copyrighted works, and uses our client’s common law trademarks as well. More specifically, your work incorporates the protected expression from four sections of the copyrighted “Breed Standards” into a single standard, and uses our client’s trademarked breed name terms as well.

Page 2

It is readily apparent that the works are very similar, both in content and lay-out, and are intended for identical services, and therefore your unauthorized use of the portions of the protected works directly competes with my client's services in the cat breeding market. Further, your use of the trademarks breed names for the identical services would be certain to cause confusion, mistake and/or deception in the minds of the consuming public as to the source or origin of the services in the cat breeding industry.

This letter serves as formal notice that your unauthorized use of the protected work "Breed Standards," as well as the Breed Names, Breed Standards and Histories in "Breed Standards and Histories" infringes our client's rights in its copyrighted works under the Copyright Laws, and under the trademark and unfair competition laws of the state of California and the United States of America. This letter serves as a formal demand that you immediately cease and desist from such illegal activity, and specifically that you immediately cease and desist from using the Breed Name and of the protected content in "Breed Standards" and the use of the Breed names in "Breed Standards and Histories" or any colorable imitation thereof, in reference to any services you might promote or market in the cat breeding industry.

Furthermore, if we are forced to go further in defending our client's rights, it will necessarily involve consideration of the veracity of various statements you have made regarding Traditional Cat Association and Ms. Fineran.

We expect to receive written confirmation within fifteen (15) days of the date of this letter confirming your agreement to our demands, and your compliance with our instructions. Absent your full and unreserved compliance with our demands, and the required confirmation thereof in writing, we will thereafter take such actions as we deem appropriate to protect our client's rights, without further notice to you.

Very truly yours,

JAMES C. WESEMAN, APC
